

Randall Insulated Bulkhead Z SHAPE

Odd or even pallets, this bulkhead conforms in a snap

High Performance Features

Superior perimeter seals, skid guard and hardware

SLICK Z SHAPE DESIGN

conforms to odd pallets

The Z Shape bulkhead is THE space optimizing, temperature controlling portable bulkhead. With odd pallets, the Z Shape optimizes space and conserves energy. When there are even pallets, it easily converts to a traditional transverse design.

- Multiple configurations – Z Shape or bi-fold
- Available as a one-piece High Performance Z Shape or a two-piece CoolGuard Z Shape
- Pictured: CoolGuard Z Shape

- High Performance Z Shape features UHWM skid guards and ballistic nylon perimeter seals
- CoolGuard Z features flexible skid guards and 22 oz vinyl perimeter seals
- Pictured: High-Performance Z in bi-fold position
